

P-Light

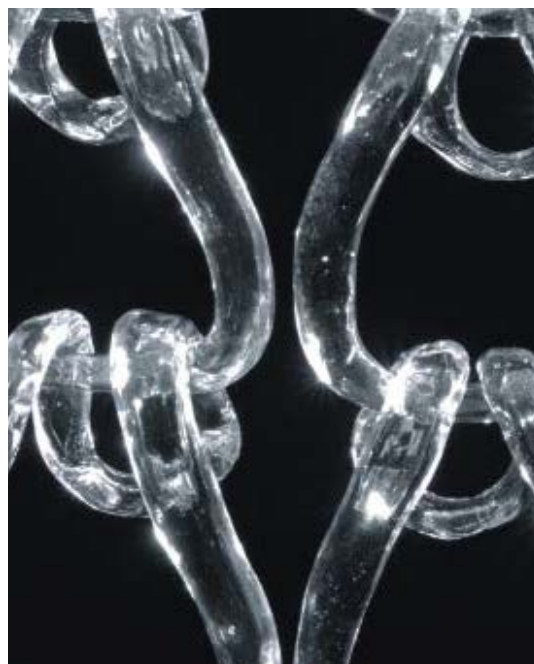

design Vistosi 2005

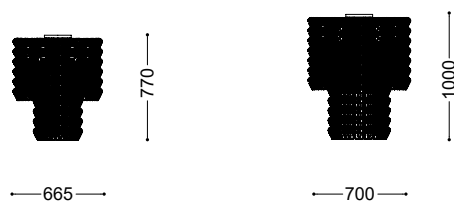

IT/ Il lampadario P-Light si compone di elementi in cristallo trasparente, interamente realizzati a mano disposti su strutture metalliche e disponibili in due differenti dimensioni: diametro 750 mm, 650 mm. La forma della lampada è realizzata in esclusiva dalla vetreria Vistosi di Murano.

EN/The P-Light chandelier is composed by transparent crystal elements entirely hand made, arranged on metal structures and available in two different sizes: 750 mm and 650 mm in diameter. The Vistosi of Murano glasswork exclusively makes the shape of the lamp.
