

Modern

design Piero Lissoni

IT/ Modern nasce da una forma geometrica pura: il quadrato. E da un'idea semplice: il suo movimento nello spazio. Un modulo che si ripete, sviluppando oggetti diversi per materiali, colori e destinazioni funzionali. Oggetti diversi – contenitori, piani di appoggio, mensole – ma armonici per proporzioni e coerenza formale. Nasce un programma aperto, articolato e flessibile pensato per disegnare spazi attraverso segni nitidi ed eleganti, definiti dal rigore delle linee, dal pregio delle finiture, dalla qualità progettuale. Un sistema che consente la massima libertà nel creare la combinazione ideale di elementi. Una presenza che sa adeguarsi a ogni tipo di ambiente.

EN/ Modern arises from a pure geometric shape: the square. And from a simple idea: its movement in the space. A module repeating itself to generate objects different in materials, colours and functional purposes. Various objects – containers, tops, shelves – which proportions and formal consistency are harmonious with. An open collection of elements arises, combined and flexible, invented to draw spaces through sharp and elegant signs, shaped by rigorous lines, careful quality and refined design. A system allowing the greatest freedom to create the perfect combination of elements. A presence appropriate for every habitat.
