

JADE + SHAHAN

design **Christophe Pillet**
2010

La poltrona lounge Jade si caratterizza per le linee armoniose e una posa rilassata.

Disponibile con seduta in pelle o ecopelle, appare sospesa su una struttura in frassino tinto nero o noce canaletto con base a croce, appoggiandosi su 4 punti.

Il tavolino Shahan, ideale completamento della poltrona Jade, la richiama nelle finiture e nella struttura di sostegno in legno incrociata, sorreggendo però un piano di forma circolare.

The armchair lounge Jade stands out for its harmonic lines and its relaxed shape.

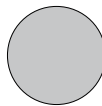

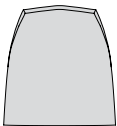

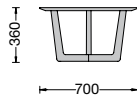

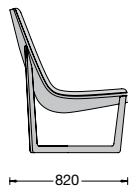

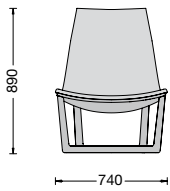

Available with a seat in leather or eco-leather, it seems to be suspended on a black-stained ash or walnut ash structure, with a cross base units, leaning on 4 points.

The Sharan table, ideal complement to the Jade armchair, recalls it in its finishes and crossed wood supporting structure, with, however, a circular top.
