

# MODERN

design **Piero Lissoni**

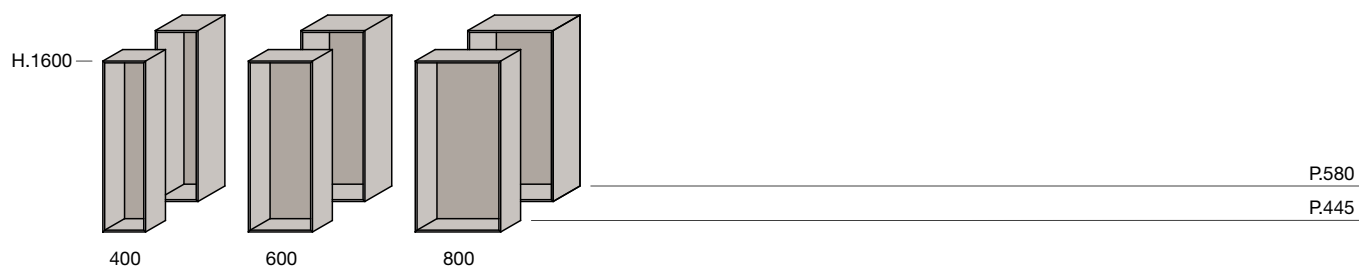

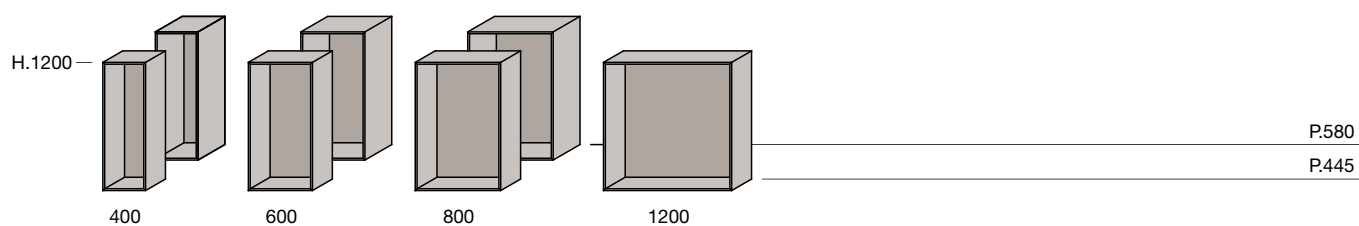

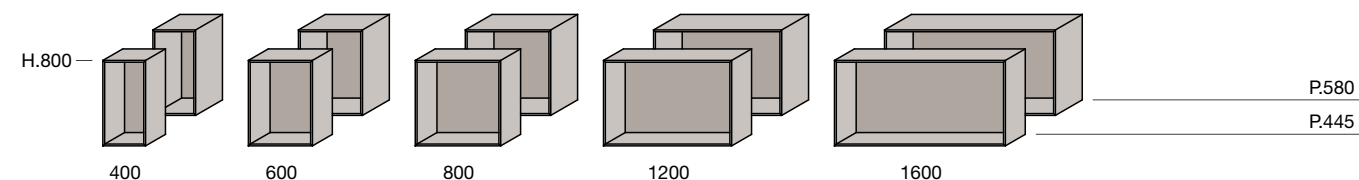

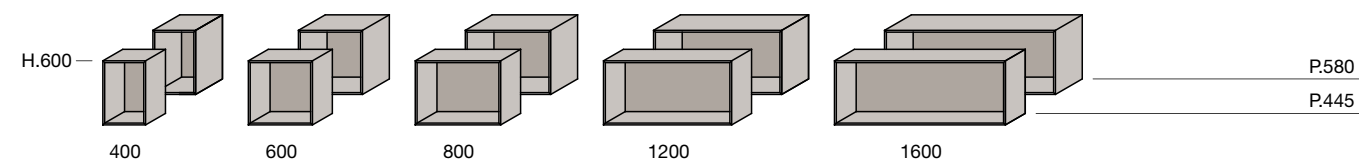

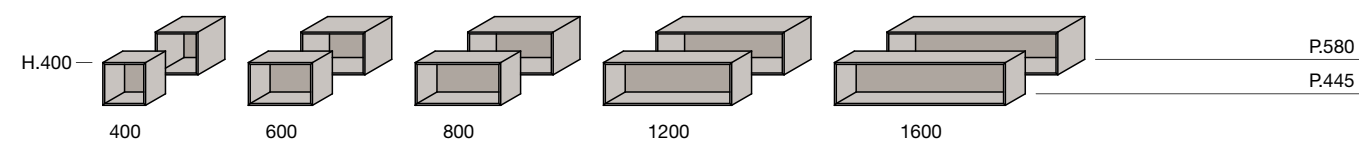

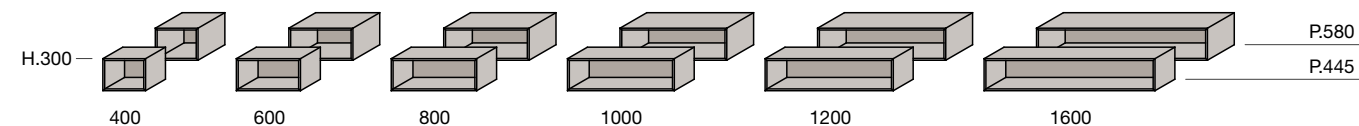

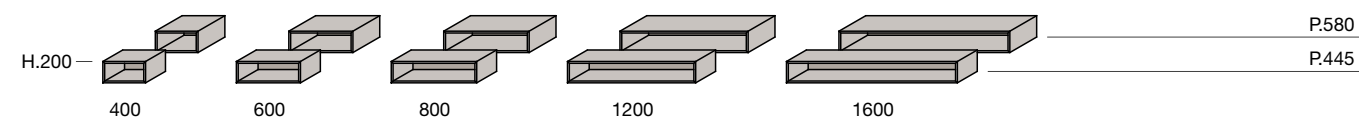

Modern nasce da una forma geometrica pura: il quadrato. E da un'idea semplice: il suo movimento nello spazio. Un modulo che si ripete, sviluppando oggetti diversi per materiali, colori e destinazioni funzionali. Oggetti diversi – contenitori, piani di appoggio, mensole – ma armonici per proporzioni e coerenza formale. Nasce un programma aperto, articolato e flessibile pensato per disegnare spazi attraverso segni nitidi ed eleganti, definiti dal rigore delle linee, dal pregio delle finiture, dalla qualità progettuale. Un sistema che consente la massima libertà nel creare la combinazione ideale di elementi. Una presenza che sa adeguarsi a ogni tipo di ambiente.

Modern arises from a pure geometric shape: the square. And from a simple idea: its movement in the space. A module repeating itself to generate objects different in materials, colours and functional purposes. Various objects – containers, tops, shelves – which proportions and formal consistency are harmonious with. An open collection of elements arises, combined and flexible, invented to draw spaces through sharp and elegant signs, shaped by rigorous lines, careful quality and refined design. A system allowing the greatest freedom to create the perfect combination of elements. A presence appropriate for every habitat.

design **Piero Lissoni**

Programma aperto, articolato e flessibile pensato per disegnare spazi attraverso segni nitidi ed eleganti, definiti dal rigore delle linee, dal pregio delle finiture, dalla qualità progettuale. Un sistema che consente la massima libertà nel creare la combinazione ideale di elementi.

Per la zona living sono state studiate composizioni caratterizzate dalla nuova presenza di un fondale a parete dove applicare con più libertà gli elementi di Modern. Una accattivante superficie continua che arriva fino a terra, a creare una vera e propria boiserie contemporanea, un quadro monocoloro da interpretare come un foglio bianco su cui divertirsi a sperimentare la disposizione preferita di volumi.

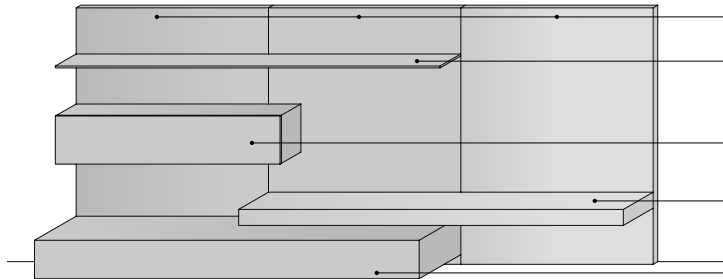

An open collection of elements arises, combined and flexible, invented to draw spaces through sharp and elegant signs, shaped by rigorous lines, careful quality and refined design. A system allowing the greatest freedom to create the perfect combination of elements.

For the living room, new compositions with a back panel to be fitted to the wall where to hang the different Modern accessories. An alluring continuous surface reaching the floor, a sort of modern and updated panelling, a single colour picture to be interpreted as a white piece of paper to be differently filled with preferred volumes.
