

# EX-LIBRIS

design **Piero Lissoni**  
2011

Ex-Libris è una vetrina preziosa al tatto e alla vista, pensata per riporre ed esporre ricche collezioni.

La struttura portante si compone di montanti in alluminio verniciato nero e base e top in melamminico black sugi. I fianchi sono in cristallo trasparente, smoke o millimetrato, mentre i ripiani sono in cristallo trasparente extrachiario. I fondali possono essere in melamminico black sugi, in cristallo nelle versioni trasparente, smoke o millimetrato, oppure in tessuto. A chiudere la composizione sono montate ante "Iron" in cristallo trasparente o smoke, millimetrato con profilo in metallo verniciato iron; oppure con ante Block nelle stesse finiture di cristallo ma con profilo verniciato nero.

Per illuminare la composizione, è possibile inserire internamente sul top 1 o 2 faretti per modulo.

Ex-Libris is a precious glass cabinet at the sight and touch as well, designed to range and display rich collections.

The self-standing structure consists of black painted uprights and melamine base unit and top in black sugi. Side panels are in transparent, smoke or millimetrato glass while shelves are in extra-light transparent glass. Back panels are in melamine black sugi, in transparent, smoke or millimetrato glass and in fabric.

The composition is closed with the "Iron" doors in transparent, smoke or millimetrato glass, with a metal profile painted in iron; or Block doors with the same finishes for the glasses and a varnished black profile.

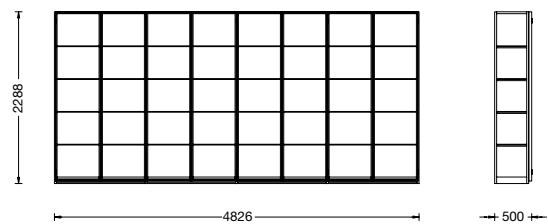

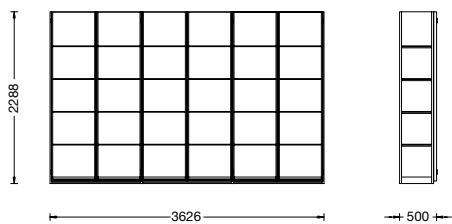

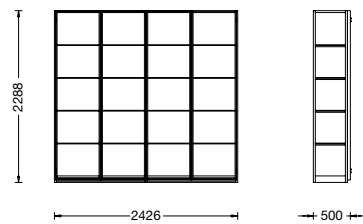

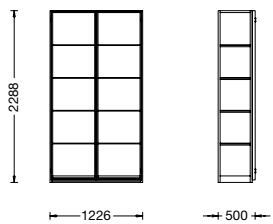

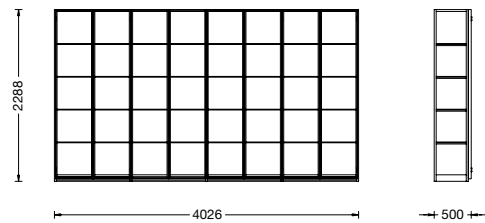

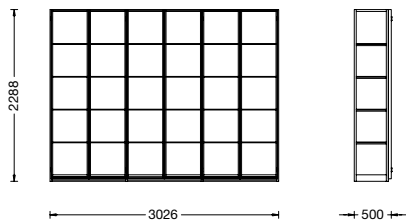

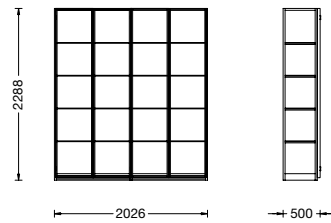

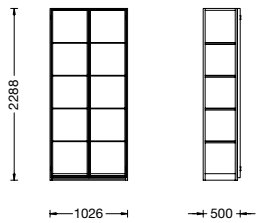

To light up the composition it is possible to place on the top 1 or 2 spots each module.

**porro**
